

CLINICAL ATTIRE – DIRECT CARE STAFF

Direct care staff includes all colleagues who work in an area that provides direct patient care (i.e., acute care hospitals, ambulatory settings, physician practices, home health services* and Mercy LIFE*).

- A. Scrub uniforms must be worn in patient care areas and must conform to a specific departmental policy that has been approved by the Department Director and OU Administration.
- B. Scrub uniforms should display the name of the OU where the colleague works and should not display the name of another healthcare provider or any other organization or business.
- C. Laundered and neatly pressed single-colored scrub style uniforms must be worn. A scrub set includes solid pants, solid shirt and solid scrub jacket as needed. All scrubs will have the appropriate OU logo displayed. A shirt worn under the scrub top should be tucked in and should not hang below the scrub top and cannot be a waffle weave or textured undershirt.
- D. Colleagues must wear scrubs in the color determined by department as follows.
 1. **Nursing:** Navy Blue Scrubs; white, black or navy long-sleeved turtle or crewneck shirt may be worn under scrub top.
 2. **Unit Facilitator, Monitor Tech, ED Tech, Patient Care Assistant, Mental Health Tech, Intake Worker:** Hunter Green Scrubs; white, black or dark green long-sleeved turtle or crewneck shirt may be worn under scrub top.
 3. **Transport:** Light Gray Scrubs; white, black or gray turtle or crewneck shirt may be worn under scrub top.
 4. **Radiology:** Black Scrubs, white or black long-sleeved turtle or crewneck shirt may be worn under scrub top.
 5. **Respiratory:** Royal Blue Scrubs; white, black or royal blue long sleeved turtle or crewneck shirt may be worn under scrub top.
 6. **Lab/Phlebotomy:** Caribbean Blue Scrubs; white, black or blue long-sleeved turtle or crewneck shirt may be worn under scrub top.
 7. **Inpatient Therapy:** Pewter/Dark Gray Scrubs; white, black or dark gray turtle or crewneck shirt may be worn under scrub top.
 8. **Radiation Oncology:** Teal Scrubs, white, black or teal long-sleeved turtle or crewneck shirt may be worn under scrub top.
 9. **OR and Cath Lab:** Ceil Blue; provided and laundered by the hospital.
 10. **Medical Group:** Maroon Scrubs; white, black or maroon long-sleeved turtle or crewneck shirt may be worn under scrub top.

Clinical staff that does not provide direct hands-on care will follow the Non-Clinical Business Casual Guidelines in addition to wearing a white lab coat with the hospital logo.

You can take your scrubs to one of these local stores for embroidery:
